

THE FAMOUS PARRY REMEDIES

The Parry Vegetable Compound Company of Mansfield, Ohio, sells at wholesale to dealers, Parry's Vegetable Compound, Parry's Herb Tea, Parry's Cathartic Pills, Parry's Tonic and System Regulator. All of the Parry products are built up around the famous Parry Vegetable Compound. Parry's Cathartic Pills and Parry's Herb Tea are laxatives compounded and prepared especially for use in connection with Parry's Vegetable Compound. They have become so popular however that they are being used generally. Parry's Tonic and system regulator has been prepared and placed upon the market as a valuable tonic to be taken while taking Parry's Vegetable Compound. Parry's Vegetable Compound is only to be taken once each week and while taking Parry's Vegetable Compound on the other days of the week Parry's tonic and System Regulator is recommended.

The Leader-- All Parry Remedies are built up around the famous PARRY'S VEGETABLE COMPOUND

Parry's Vegetable Compound is the leader of all the Parry remedies. It is manufactured according to the secret formula and process of Leonard L. Parry. Parry's Vegetable Compound is an effective eliminator of poisonous accumulations in the alimentary tract. It can be taken safely by child as well as adult. The ingredients it contains are pure and absolutely harmless if taken according to directions. It will flush and oil up the delicate mucus membrane of the alimentary tract and help to remove fecal accumulations, foreign substances, and toxins (poisons) resulting from putrefaction of fecal matter.

PARRY'S VEGETABLE COMPOUND NON-ALCOHOLIC

Some persons do not desire to take a medicine containing alcohol. Parry's Vegetable Compound, non-alcoholic, contains all the essential ingredients of Parry's Vegetable Compound except alcohol and each bottle has on the signed certificate of Leonard L. Parry that it contains all the essential ingredients of Parry's Vegetable Compound except the alcohol. Parry's Vegetable Compound, non-alcoholic, will meet the needs and desires of those who do not care to take a medicine containing alcohol. We expect to have this product ready for distribution within the next sixty days.

Parry's Herb Tea

A FAMILY REMEDY IN CASE OF CONSTIPATION, INDIGESTION, BILLIOUSNESS, SICK HEADACHE

The curative powers of herbs has long been recognized and constitutes the only medicine used by many different races of people.

Parry's Herb Tea—
Is prepared from the best medicinal herbs known to the science of medicine and only the purest are used in its preparation that the best possible results may be obtained.

It is recommended for use by those taking the Parry Vegetable Compound and may be alternated with Parry's Cathartic Pills—as a laxative with benefit.

DIRECTIONS

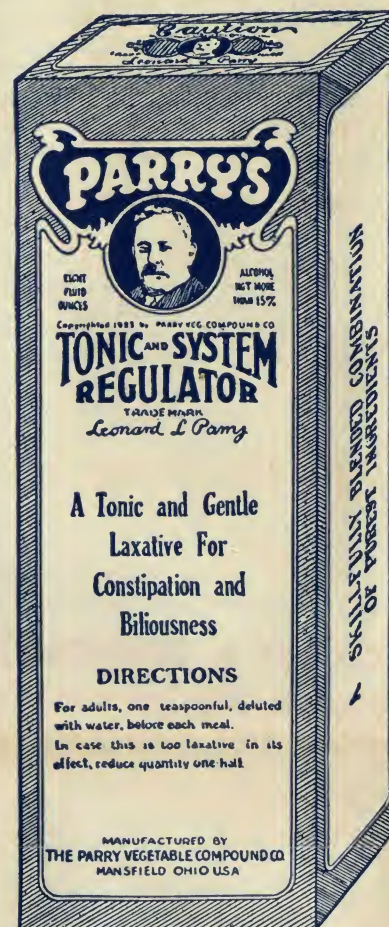

As A Mild Laxative

One heaping teaspoonful of tea to a cup of boiling water. Allow to steep for fifteen to thirty minutes, strain, drink at bed time or in the morning before Breakfast.

At first sign of a cold take a double dose before retiring. A little lemon juice may be added.

To obtain the best results the tea should be taken every night for three weeks then gradually reduce to once a week.

The dose should be increased or decreased according to the effect. For children one teaspoonful or less according to age.

Parry's Tonic and System Regulator

A skilfully blended combination of ingredients with a splendid tonic effect and system regulator.

Parry's Tonic and System Regulator is especially effective when taken in connection with Parry's Vegetable Compound.

Parry's Vegetable Compound is taken in one dose once each week until relief is experienced during the intervening days Parry's Tonic and System Regulator should be taken three times a day.

The tonic effect of Parry's System Regulator has been found to be exceedingly satisfactory in its results stimulating the appetite and helping to tone up the system.

Parry's Tonic and System Regulator aids natural digestion through assisting to expel from the system poisonous matter and gases. It is made of purest ingredients, and when taken according to directions has absolutely no harmful effect.

Parry's Cathartic Pills

To those preferring a cathartic in pill form Parry's Cathartic Pills are recommended especially in connection with the taking of Parry's Vegetable Compound. A thorough elimination must be had the next day after taking Parry's Vegetable Compound, and Parry's Cathartic Pills are prepared to harmonize their action with the action of the oils in Parry's Vegetable Compound.

These pills are compounded of the very purest of ingredients producing a thorough result with no griping, nausea or bad after effects.

Standard Highest

The Parry Vegetable Compound Company exerts every effort in the manufacture of its products to bring them to the highest possible standard, not only by care in the manufacture of the compound and other products but also by exercising the greatest care in the purchase of ingredients to insure absolute purity and the highest possible medicinal value.

Caution

In order that no mistake be made, purchasers are advised to see that the picture and signature of Leonard L. Parry are on the label of every bottle they buy. Even if the shape of the bottle, the coloring and the appearance of the contents are similar, the article is not genuine unless the picture and signature of Leonard L. Parry appear on the label.

Reasons For Success of Parry's Vegetable Compound are Shown

It is conceded in the light of medical research and investigation that many disorders to which the human body is heir result from the absorption into the blood stream of toxins (poisons) that are generated during the putrefaction of accumulated fecal matter in the alimentary tract and which are not removed by natural means. It is, therefore, logical that a systematic treatment having for its object the lubrication of the mucus membrane of the intestines and the loosening and removal of accumulations of waste matter which generates these poisons is an effective remedy.

CURE NOT CLAIMED

The Parry Vegetable Compound Company in placing upon the market Parry's Vegetable Compound does not claim, or desire to be understood as claiming, directly or indirectly that Parry's Vegetable Compound and the Parry Treatment is a cure for any disease.

We assert, however, that Parry's Vegetable Compound and the Parry Treatment is an effective eliminator of toxins (poisons), fecal accumulations, and deleterious substances in the alimentary tract. It will flush and help to remove poisons resulting from faulty elimination and to the extent that a thorough cleaning out and oiling up and flushing out of the system

will be helpful in the treatment of disease to that extent, we claim Parry's Vegetable Compound and the Parry Treatment has few, if any, equals. It strikes at what is today more than ever recognized as the seat and cause of many diseases, viz. poisons in the alimentary tract.

VALUE WELL KNOWN

The value of vegetable oils for the purpose of cleaning out, oiling up and flushing out of the alimentary tract and the loosening and removal of accumulations of waste matter has long been known and served as the natural basis of experiment by the discoverer of Parry's Vegetable Compound. Certain vegetable oils have certain valuable properties and produce certain desirable effects. Parry's Vegetable Compound is a combination of oils and other ingredients designed to lubricate, heal, cleanse, loosen, and

remove deleterious substances in the alimentary tract.

RESULT OF CLOGGING

Almost everyone has suffered or is suffering from the effects of faulty elimination. The waste matter is not properly eliminated. It is the same principle of the forming of clinkers in the furnace or obstructions in a sewer. Unless accumulations in the alimentary tract are removed they are liable to cause illness for the wasted matter, which should pass through the bowels regularly, remains in the intestines undergoing putrefaction and generating toxins (poisons) which are ultimately absorbed into the blood stream and once in the blood stream are carried to every part of the body causing various symptoms.

When the poisons formed because of fecal accumulations lodged in the alimentary canal become excessive, the liver, is often overworked and does not perform its functions properly, and the poisons are not thrown out of the system but are absorbed into the blood and, being carried by the blood to all parts of the body, reaching every cell, cause what amounts to self-poisoning which is at the bottom of many serious disorders.

Parry's Vegetable Compound and the Parry Treatment will help to take the cob-webs out of the system, remove the clinkers from the human fire box, flush and clean out the great sewer of the human body.

PARRY DAY

Many persons have taken Parry's Vegetable Compound with amazing results. Many people take Parry's Vegetable Compound to keep themselves fit and in condition. It has become popular in many communities to establish a Parry Day in the home, the day everybody takes Parry's. Just a matter of health insurance—keeping the system oiled up and cleaned out to prevent disease.

The benefits derived from the use of Parry's Vegetable Compound speak more loudly for themselves than could any written claim or word.
